**CARTER IN N. Y. TALKS OF FREAR INVESTIGATION**

Tells New York Times There Was Nothing to Charges Made by Kuhio

Ex-governor George R. Carter told the New York Times that the charges against Governor Frear were based on nothing.

This interesting statement, especially interesting as viewed in the light of what Carter told, or tried to tell, Secretary Fisher, is contained in a long interview published in the Times of September 24. The interview says:

Ex-Gov. George R. Carter of Hawaii arrived in this city yesterday from Honolulu, after having made several stops on the way across the continent from San Francisco. Aside from politics, he said there were two things that were of keen interest in Hawaii now. One, the investigation into the administration of Governor Frear, which Secretary of the Interior Fisher is conducting for President Taft; and the other, the fact that much of the labor that has been imported to work the sugar plantations doesn't stick, and so just now the sugar growers are short of hands.

"Business is very good generally in Hawaii," said Gov. Carter yesterday at the Belmont. "However, we are expecting low prices in sugar, on account of the big production in Europe. There is nothing we can do but make our expenses less. The crop in Hawaii will be of the average kind. Labor Troubles.

"The laborers that have been imported from time to time in the last few years from Portugal have proved a cause for worry, and our labor situation is still difficult. We still bring in the Portuguese, but it seems that as fast as they arrive in Hawaii they make their way to California. It is like shoveling daylight into a dark cellar. It looks now as if we should not be able to permanently take care of the labor situation until after the opening of the Panama Canal, which will probably bring immigrants direct to San Francisco.

"I don't know the figures as to the number of Portuguese we have imported, but they are large. Anyhow, every steamer that leaves Honolulu for San Francisco takes more than 100 or so away. In my opinion these immigrants are using us in order to get their passage paid as far as Hawaii. Our territorial government taxes us to obtain money to pay the passage of these people to the territory, but no agreement is signed. The immigrants are left to do as they please. They are absolutely free agents. Of course some few take to working on the plantations, but the proportion is small. Filipinos Doing Well.

"On the other hand, the Filipinos who have come to Hawaii to work are doing very well, contrary to what everybody prophesied at the beginning. I cannot explain this, unless it is that they are affected by an environment of energy and effort. The labor scarcity is not so serious as it was a while ago, but at the same time it is a serious problem—more to worry over than the price of sugar.

"The appropriation made by the Legislature for the importation of laborers is now practically exhausted, and there is an agitation on foot to stop chartering vessels and giving free passage to the islands. I doubt very much whether the next Legislature will carry on the appropriation.

"When I left Honolulu, Secretary Fisher, who went out there to investigate Gov. Frear, had been there two days. This matter of the investigation of the Governor has been harmful for Hawaii. For eight months Gov. Frear has been waiting for President Taft to reappoint him or remove him, and every question of policy has been at a standstill. Now, whatever decision is made, somebody's feelings are going to be hurt. Both sides sent delegations to the Chicago convention endorsing Taft, hoping to win the support of the Administration, and the latter seems to have flinched with both sides. I don't think either side was encouraged, but the delay and indecision has been very harmful to the territory."

Just what acts of Gov. Frear are being investigated? Gov. Carter was asked.

"That is something most of us would like to find out," he replied. "Charges were preferred by the Hawaiian delegate to Congress, Prince Kalaniano'le. Unsatisfactory administration was the substance of them, and they were answered a month ago. As matters are now lined up, the native Hawaiians on the one side, and the whites on the other. Most of the former are backing the Prince and they seem to fully believe that President Taft is going to sustain the charges. Gov. Frear is backed by all the intelligent people of the territory."

"But there must be something on which these charges are based, even if they are false," was suggested. "Nothing to Charges."

"There is nothing," asserted Gov. Carter. "As near as I can ascertain, the trouble comes from personal differences between Gov. Frear and the territorial delegate, and the worst feature of the situation is the feeling of the natives that if Taft was not going to remove the Governor he would have decided the case long ago."

"While the issues in our campaign at home are purely local, there is, of course, the keenest interest taken in the National election. But we have been able to get no real news there. I left Honolulu after feeding on the news furnished out there, thinking that the Progressive Party was almost down and out. I anticipated that when I reached San Francisco I would have this confirmed, but I

**CASTORIA**

for Infants and Children.

**Don't Poison Baby.**

FORTY YEARS AGO almost every mother thought her child must have paregoric or laudanum to make it sleep. These drugs will produce sleep, and a few drops too many will produce the sleep from which there is no waking. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody, without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without your or your physician know of what it is composed. Castoria does not contain narcotics.

The signature of *Dr. H. Fletcher* guarantees genuine Castoria. Physicians Recommend Castoria.

"I have frequently prescribed Castoria for common ailments of children with good results." W. A. CRANDALL, M. D., Buffalo, N. Y.

"As the father of thirteen children I certainly know something about your great medicine and, aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home." Wm. J. McCANN, M. D., Omaha, Neb.

"I object to what are called patent medicines, where maker alone knows what stuff is put in them, but I know the formula of your Castoria and advise its use in proper cases. I judge it to be a very useful, as well as harmless family medicine." N. B. SIZER, M. D., Brooklyn, N. Y.

**BIGGEST CHAMBER OF COMMERCE TO MEET**

WASHINGTON, D. C., October 1.—The first annual meeting of the Chamber of Commerce of the United States will be held in this city during the week beginning January 20, 1913. This was decided upon by the Board of Directors in Boston last week. Seventeen were present to discuss the affairs of the National Chamber. All unfinished legislation of the 61st Congress affecting business interests was assigned to committees for study and report. A referendum on the subject of a national budget was authorized to be immediately submitted to the commercial organizations of the Nation. The Directors remained in Boston to participate in the international Congress of Chambers of Commerce. The Directors will next meet in St. Louis, Missouri, November 19, to arrange the program of the January meeting.

The third issue of The Nation's Business, published by the Chamber of Commerce of the United States for the use of editorial writers and officials of commercial organizations will appear October 21, and will furnish a full list of unfinished business legislation of the 61st Congress. It will also deal with the general subject of Porto Rican development, since the administration of the affairs of the island passed into American hands.

**GERMAN MATRONS SEEK THE "AMERICAN FIGURE"**

BERLIN, Oct. 6.—Women of rank and fashion in Germany have been seized with a passion for becoming thin—for acquiring the "American figure." According to "starvation camps" have been thronged with women taking the "cure." After a "patient" is weighed she is put on diet, of which the following is a sample:

At 7 a. m., a saucer of cherries or grapes, a cup of corn coffee, a slice of brown bread, two pieces of zwieback or toasted bread.

At 10 a. m., a glass of lemonade, a saucer of cherries or grapes.

At 1 p. m., two small slices of meat, a dish of vegetables (not potatoes), lettuce, a dish of fruit stew or jam.

At 4 p. m., a glass of lemonade, a saucer of cherries or grapes.

At 6:30 p. m., a dish of vegetables (not potatoes), a saucer of cherries or grapes.

Some men never quarrel with their wives because it costs too much to make up.

Any child will gladly take "Cascarets" when cross, feverish or constipated. Full directions for children and grown-ups in each package. Mothers can rest easy after giving this gentle, thorough laxative to children.
